#### **H.R. 1: The New Democrats' Power-Grab to Turn America into a One-Party Dictatorship**

One lesson we learned from the 2020 elections and the ongoing media and big tech censorship fiascos - Americans want fairness.

Yet, the first bill Nancy Pelosi proposes in 2021 is H.R. 1, the Pelosi One-Party Dictatorship Bill, is nothing less than an anti-fairness power-grab.

If passed, H.R.1 would stack the deck for the foreseeable future in favor of the radical New Democrats. They would be able to gain and keep total control of all three branches of our government for generations to come.

Just a quick look at H.R.1 reveals how this anti-American power-grab Nancy Pelosi and the New Democrats unanimously support would nationalize elections and take the states out of the equation.

States would no longer be able to make decisions on their own elections, a direct violation of the Constitution.

H.R. 1 would also:

- Do away with requiring any form of government photo ID to vote,
- Expand ballot harvesting – allowing political operatives to collect hundreds, even thousands, of unsealed ballots from nursing homes, retirement communities, and private residences and then drop them off at polling locations,
- Require every state to register voters based on names in state and federal databases. Legal citizen or not, anyone who receives food stamps, interacts with a state DMV, or receives any state or federal assistance will be automatically registered,
- Mandate same-day and online voter registration in EVERY state, even up to when the polls close,
- Further expand mail-in ballots and early voting without verifying signatures,
- Severely restrict a states' ability to ever remove anyone from the voter rolls, even if they are dead or moved away,
- Limit states' ability to set their own election laws, filing deadlines, and rules for voting, nationalizing every election,
- Strip the state legislatures in all 50 states of their ability to draw their own congressional districts,
- Force charities and groups involved in lobbying to publicly disclose the names, addresses and other information of all \$10,000 and up donors, leaving them open to the doxing and even violent attacks we've already seen,
- Require the heads of all organizations to personally approve messages and include a list of top donors,
- Restructure the Federal Election Commission (FEC) to give Democrats control,
- Set new disclosure and reporting requirements on all ads placed on online platforms, designed to stop ads they disagree with.

In short, the main goal of H.R. 1 is to use the existing narrow Democrat majority to immediately consolidate and expand their power so they never lose control of the federal government.

H.R.1 will be used as a weapon to punish the more than 75 million Americans who disagree with the New Democrats' radical, mean, and evil agenda.

If passed into law, H.R.1 will limit and severely restrict any political opposition to a one-party dictatorship.

- It will completely silence opposing positions and views.
- It will prevent any open debate on important issues.
- H.R. 1 is not free. H.R. 1 is not fair. It's un-American.

Any lawmaker who votes for this bill is in clear violation of their oath of office. This act, called "***For the People***" is not "***For the People.***" It's for the New Democrats.

It will crush all critical speech and keep them in power forever.

We must create a firestorm of support against H.R.1 and at every turn hound the Democrats to oppose H.R.1. or face voter outrage.

**Here's what you can do as a citizen who values and upholds freedom, fairness, and the Constitution to help stop H.R.1 from becoming a law:**

- Forward this video to family, friends, neighbors, everyone you know, any way you can to explain that if H.R.1 passes America will become a one-party Democrat dictatorship.

And urge they ask their family, friends, and others to forward this video as well, including going to townhall meetings, political debates, and visit or call district, state, and Washington D.C. offices to confront Democrat politicians to demand they stand with fairness and oppose H.R.1 from becoming a law.

- If your members of Congress are Republican, urge they take an active leadership role in defeating this unfair, un-American law.
